

## 3 Day Basic Microblading Training Course:

**Permanent Makeup Is One Of The Few Industries Where You Can Make 6-Figures Per Year Without A College Education And WITHOUT Months Of Schooling**

My classes are based on what my personal experience and research shows will make you the most money in the permanent makeup industry which is the Extreme Natural Microblading Brow Procedure. According to PMU research, most clients want natural-looking brows MORE than all other microblading techniques combined. In my class I teach how you are able to charge at least \$350-\$600 for a 2-3 hour service. I keep my class sizes small because I believe in quality over quantity. This way, you are able to receive plenty of attention and support during and after the class.

**Mastering The “Natural-Look” Microblading Technique Alone Can Make You \$1,500 To \$2,500 Per Week After Only A Year Or Two In The Industry.**

Depending on your location, customers pay \$400 – 600 on average for an initial microblading session. An initial microblading session will typically take you 2.5 to 3 hours. To make \$1,500 per week, you only need to complete 3 – 4 procedures each week. To make \$2,500 per week you would need to complete 5-6 procedures each week.

Ksenija is a Master Microblading Artist from Croatia who invented a microblading technique that produces gorgeous, natural-looking results that are in high-demand.

Ksenija is also a 6 times Juror on the World and International Conferences Worldwide, Founder of the Microblading & PMU World Association (Pro Artist and Pro Teacher), Founder of the Microblading & PMU Sisterhood (the biggest and most popular microblading and PMU free support group), and Founder & CEO of the Karabegovic Education Center in Croatia.

Below are just a few examples of the type of results her Extreme Natural Look Microblading technique can produce:

I have been trained by Ksenijna directly and authorized to teach her  
“Extreme Natural” Technique in the United States.

I will be teaching a Basic Microblading  
Course in Las Vegas, Nevada.

You will be learning Ksenija Karabegovic’s “Extreme  
Natural” Technique. As a bonus for you, she will be  
the one to review and sign off on your Certification of  
Completion. It will be signed off by one of the best so  
that you start out a step ahead of your local  
competition.

## **Important Registration and Class Information:**

### Class Length:

The basic microblading class is 3 days long. The class can be one on one or up to 6-10  
microblading students. You will be scheduled to come to training at 9:30 am and you will finish  
daily around 4:00-4:30 pm. You will receive a lunch break around 12:15 pm (45 minutes).  
Lunch is included.

### What's included?

- Name Brand Start Up Microblading kit good for 40-50 clients. High quality products and tools that I personally use with all my clients including the TinaDavies-PermaBlend pigment line and blades.
- Aftercare paperwork and products that I use for each client.
- Smaller classroom sizes for undivided attention and support.
- Full day training hours from 9:30-4:30.
- Microblading manual along with hands on training. You will practice how to brow map and do proper strokes on a latex/rubber skin with my assistance.
- Live model demonstration done by instructor at the end of the third day.
- Tips & Tricks to photos, social media, marketing, and more
- Online support after your course is complete.
- Apprenticeship opportunity available for my students in Las Vegas, Nevada

### How to Schedule:

To schedule your class, a \$500 non-refundable down payment is required a month before the first day of the class to reserve your seat and cover the cost of your training kit. You may reserve your spot by going to <https://www.binasbeautybar.com/microblading-training/>. You will owe the balance of training (\$2,500 is the balance, \$3000 is the total cost) 10 days before the training. This can be paid with a credit card, paypal, venmo, and/or cash whichever is convenient for you. However, if you choose to pay with a credit card, paypal, or venmo there is a 3.0% fee added.

### Don't have the full \$3000?

I am happy to announce that financing is now available to cover the cost of your course through Paypal and Upstart. To apply through Paypal visit:

<https://www.paypal.com/ppcreditapply/da/us/lander?p=ppcdalpBAUNI&t=ppcdaltPPCFAQ>

To apply through Upstart visit <https://www.upstart.com/> and click on "borrow". Select "other large purchase" under "make a purchase". Click "get started", fill out the form and you are on your way to seeing your rate (which won't affect your credit score).

The cost of your training investment will be earned back after ONLY ten clients. This is charging the minimal starting fee of \$300 per client! Once you are more experienced and confident, you can charge between \$500-\$700.

### Things You'll Need:

On the first day of class, you will receive a manual which will be discussed throughout training and a start-up kit including Tina Davies-Permablend Pigment Line (will be good approximately for your first 50-70 clients).

**YOU MUST BRING:** Your Blood-Borne Pathogen Certificate with you on the first day. Please research what your county requirements are and take an approved online class according to your area's regulations. We use [www.cathymontie.com](http://www.cathymontie.com) and [American Red Cross](http://www.americanredcross.org), but every county will vary.

### Models:

Models are not required. If you choose to do a few blading strokes on a live model, you must provide and have already passed the health department test (<http://southernnevadahealthdistrict.org/body-art/body-art-card.php>) or have a permit form SNHD to work on live models. The model must have existing brow hairs and they have to complete all the paperwork and consent forms.

You will receive your Microblading Artist Certificate. However, you will have to submit 5 case studies after the completion of the course. Microblading is a skill and an art form. Like any art form, you have to practice it to master it.

I will be doing a live model presentation of a microblading appointment in full at the end of class on the third day. You will see in detail how I perform microblading on my client from start to finish. You are able to take notes during as well as video and pictures as long as the material recorded isn't posted and is for your eyes only.

### **Here are some other suggestions to prepare for your training:**

- Bring something you can take notes on.
- Bring a charge for your cell phone.
- Bring a light jacket or sweater.
- Limit Caffeine.
- Get a good night's rest.
- Bring any vision aids you might require, such as reading glasses and/or contacts.

I also meet all the requirements for being a trainer and qualified to teach PMU so you can get your insurance covered by <https://foreverbeautifulinsurance.com>. Please let me know if you have any questions about the training. Try to research more about Microblading, your clientele and the licensing in your town or wherever you will be practicing Permanent Makeup.

### **For Nevada Residents Only:**

After taking my class, I do offer my Las Vegas students an apprenticeship program for 6 months total as required by SNHD to get your body art license. Once you have your body art license you are able to work on your own in an area that is zoned for tattooing. The cost for apprenticeship is \$365 a month or \$2,000 if it's paid in full which is due and starts right after I sign the form you have to submit to the SNHD. The apprenticeship starts when you pass the written test at the Health Dept. I give all the information on this to my students after completing the class.

**The fee for the Microblading class is separate from the apprenticeship fee.**
